2024-2025 ANNUAL REPORT

Celebrating 20 Years

CRISTO REY

ST. MARTIN COLLEGE PREP

THEN

NOW

Greetings from our President

Dear friends of CRSM,

This past year, Cristo Rey St. Martin College Prep celebrated 20 years of educating young people in Waukegan and North Chicago!

According to the U.S. Bureau of Labor Statistics, over 50% of small businesses fail in their first 5 years. In fact, only 1/3 persist after 10 years. Clearly, CRSM beat those odds and continues its important mission.

Our students are flourishing despite stark statistics for other young people from low-income backgrounds:

- High school drop-out rates at local public schools here remain close to 50% but at CRSM, over 91% of the students who start with us in 9th grade go on to graduate from CRSM. For the Class of 2025, it was a whopping 98%!
- Less than 15% of high school graduates in Waukegan and North Chicago enroll in college. In contrast, 100% of CRSM seniors were accepted to at least one bachelor's program for the last 6 years in-a-row, with 91% directly enrolling into a bachelor's program.
- CRSM Alumni graduate college at 3.5 X the rate for students from the lowest quartile of family income nationally. In fact, CRSM students are now graduating from Bachelor's programs at the same rate as young people from the highest quartile of income.
- CRSM represents only 7% of the high school population in North Chicago and Waukegan, yet more than 50% of all new bachelor's degrees being earned in our area by Pell-eligible students belong to CRSM alumni.

Our success has always been a team effort – a collective success resulting from the hard work of our students and teachers AND the generosity of so many people, including you! We can't do it alone. **Your support is more important than ever!**

Twenty years is an important milestone, but our dreams are greater than that. We hope that CRSM will flourish for decades and decades to come.

Your generosity makes it possible for our students to continue to develop their God-given talents and make a difference in our world - helping them reimagine a better future for themselves and all of us.

Thank you so much for being such an important part of our first 20 years and, more importantly, continuing the journey with us into our next!

Sincerely,

Preston Kendall

"I feel confident saying that my most powerful learning experience at CRSM came during the summer before senior year, when I was in summer school for failing my Theo 3 class previously. I remember sitting in the conference room with Ms. Eby, her handing me book after book to read, excerpts from Malcolm X to Sherman Alexie. Through those books, I saw how important education and the idea of knowledge can be from a different perspective. It was a real wake-up call for me and a time for deep self-reflection. I was annotating line after line, and honestly, I have to admit that it was actually really fun. I'm glad that just one short week of this experience sparked my motivation to care more about school. That's when I realized how important it is to stay focused and work hard for what you want. I used to struggle in school, but finding my passion for aviation gave me a reason to push myself harder. **That experience taught me that even when things feel confusing or hard, you can still turn things around with faith, support, and effort.**"

Celebrating 20 Years of Partnership

For the past 20 years, Cristo Rey St. Martin and the Lake County State's Attorney's Office have shared a meaningful partnership that has provided over 100 students with hands-on experience in the legal field. Through this internship program, students gain exposure to real-world legal work—participating in court observations, assisting with data entry and filing, and even contributing to projects like DEI newsletters. Treated as valued members of the team, students are assigned tasks based on their strengths and interests and are given the opportunity to work alongside attorneys, judges, and law enforcement professionals. The partnership has inspired many CRSM students to pursue careers in law, with several returning as full-time employees in the office.

One of the driving forces behind the program's success is Pajet Rollins, who has overseen the partnership from the beginning. A lifelong

From left to right: Lizbeth Mancera ('25), Pajet Rollins, Vannessy Thompson ('22).

mentor and community advocate, Rollins was chosen to supervise the program because of her deep roots in the area and her natural ability to connect with young people. *"From day one, I've been committed and invested,"* she shared. *"You cannot put a price tag on that. It's bigger than money. It's what the community is supposed to be doing—empowering and mentoring young people."* Her dedication reflects the spirit of the partnership itself: building lasting relationships and creating pathways for students to grow, lead, and give back.

Mosaics in Chapel

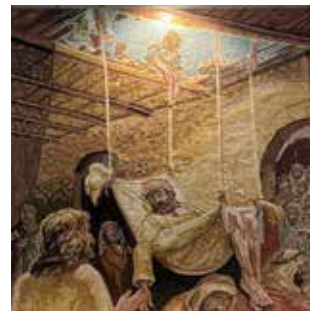

Seven new mosaics now adorn the chapel at **Cristo Rey St. Martin**, each created through a blend of modern AI-assisted design and traditional craftsmanship. The images—**each reflecting a core value of the Cristo Rey mission**—were carefully selected, digitally refined into tile format, and then produced in Lebanon during the current Israeli-Palestinian conflict, adding depth to their symbolism of resilience and global solidarity.

Know Your Rights

This past winter, Cristo Rey St. Martin partnered with Mano a Mano Family Resource Center to host six "Know Your Rights" presentations for CRSM families and the larger Lake County community. Mano a Mano is a non-profit CWSP partner that offers a variety of services and resources including health care, educational classes and workshops, and immigration legal services, focusing especially on the hardest to reach and most vulnerable families and individuals in the community. Numerous presenters from Mano a Mano came in, including CRSM alumni who now work for Mano a Mano, to provide information to community members interested in learning more about basic constitutional rights guaranteed to all residents, regardless of immigration status. Presentations were also shared with all CRSM students in Theology classes during the month of February.

CRSM students in action! Helping fight global hunger at Feed My Starving Children - Lake County.

CRSM students raising their voices for justice at the peaceful immigration protest in Arlington Heights.

Cristo Rey St. Martin's Annual Art Show, in partnership with The Ragdale Foundation, showcased 167 works by 53 student artists across various media—painting, writing, needlepoint, and more. Judges awarded 12 Gold Medals, 15 Honorable Mentions, and three cash prizes.

About 60 students brought **Cinderella Wore Combat Boots** to life in **CRSM's 2024 Winter Drama**, featuring three interactive performances Dec 5-7 where the audience joined in the fun!

Cristo Rey St. Martin's 2025 Talent Show featured incredible musical performances by teachers, staff, and students on April 12, 2025.

Celebrating 20 Years
STUDENT LIFE

CRSM Kicks into History with Dual Regional Wins

"For me, high school has really been about getting involved—whether it was through sports, clubs, or other opportunities. My freshman year, I was shy and didn't really put myself out there. But over time, I started to break out of my shell. I joined volleyball and basketball my sophomore year, and by junior year, I was captain of both teams. That experience helped me grow a lot emotionally and taught me how to lead."

Senior Reflection
Class of 2025

This Spring, the girls' varsity soccer team earned their first-ever regional championship win. The team was up against tough opponents as well during the season, such as Lake Forest Academy and North Chicago High School. They ultimately came out on top during the regional tournament against Regina Dominican and clinched their title. Next season should be a blast for our CRSM soccer ladies!

The CRSM boys soccer team brought home a regional title for the 5th year in a row this 2024 Fall season. Our varsity boys' team competed against some of the toughest schools in the region, including Glenbrook North, Round Lake, and eventually 1A state runner up Cristo Rey Pilsen. The season ended in an OT loss to Northridge Prep in the Sectional Final! The team begins their preparation for their toughest schedule in program history this summer.

Families Flourish at Cristo Rey St. Martin

A Cristo Rey St. Martin education extends far beyond the classroom and impacts entire families, often across multiple siblings. The Gutierrez family provides a powerful example of multi-generational success. Jesus ('11) is a Project Engineer at Ocean Spray, Manny ('14) works as a Compensation Sales Analyst at Medline, Javier ('17) is a Credit Analyst at Bank of America, and Jaslynn ('23) is currently attending the University of St. Thomas. The family shared, ***"Through the Corporate Work Study Program, we gained real-world experience and confidence. The support of teachers and staff made our family feel like a part of the journey and always offered us support. Cristo Rey didn't just prepare us for college and our future careers, it helped us grow into the people we are today."***

Alumni like Rodrigo Hernandez ('18), now Head Equipment Manager for Sacramento Republic FC, credit the school with providing *"the resources, motivation, and real-world experience"* that opened doors to college and careers. His sister Ruby, preparing to start full-time at Grant Thornton, echoes that sentiment: ***"Cristo Rey gave me a full resume and the confidence to succeed."***

The Adán siblings, Monse ('20), now a financial analyst pursuing an MBA, Fatima ('23), a social work major inspired to serve communities, and Carlos ('25), an engineering student at the University of Illinois, also describe CRSM as a source of hope and passion. Monse reflects, ***"CRSM has bridged gaps and opened doors that would have otherwise remained unattainable to someone like me. My family and I will forever be grateful for the opportunities Cristo Rey has given us through their incredible network."*** CRSM doesn't just prepare students for college and careers. It gives families the tools to thrive for generations.

The Gutierrez Siblings- Jesus (CRSM '11), Manny (CRSM '14), Javier (CRSM '17), and Jaslynn (CRSM '23)

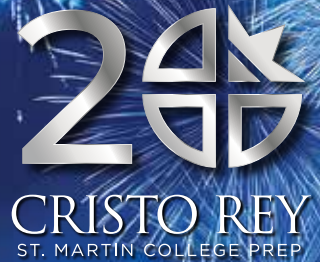

The Hernandez Siblings- Ruby (CRSM '21), Dyanara (CRSM '27), and Rodrigo (CRSM '18)

The Adán Siblings- Fatima (CRSM '23), Monse (CRSM '20), and Carlos (CRSM '25)

Celebrating 20 Years

ALUMNI SUCCESS

Tayler Morris, CRSM '12, Assistant Project Manager for the Commonwealth of Massachusetts Division of Capital Asset Management and Maintenance

*"Now that I am in a position to train the next generation of learners and workforce, it is imperative to continue to demonstrate the values of justice, equity, inclusion, diversity, and empathy in the workplace and our lives... **I can honestly say, without irony, I would not be where I am today without the work and investment of the teachers, administrators, and Work Study partners from my alma mater, Cristo Rey St. Martin.**"*

Ulises Acosta, CRSM '13, Business Development Representative Associate at Square

*"**Every single person I met at CRSM helped shape the person I've become today**, and I couldn't be more proud of my time there and the path it set me on- from a full-ride academic scholarship to attend Loyola University Chicago, to helping me apply for and find jobs fresh out of college. Thank you to my Alma Mater: CRSM."*

Jacqueline Lopez, CRSM '18, Middle School Readiness Advisor at Waukegan to College

*"**The CRSM community has offered me so much support and love that I am eternally grateful for.** Looking back at my high school self, this accomplishment felt so far away and impossible at times. **Now that I am here, I recognize that it was possible, and I was so lucky to have a loving community that always pushed me.** I am excited to share with you that I will be a part of Teach For America Boston in the fall of 2022. I hope to uplift and motivate my future students in the same way that CRSM teachers have consistently supported and encouraged me."*

Andy Estrada, CRSM '19, Medical Student at the University of Wisconsin School of Medicine and Public Health

*"I wanted to share some exciting news. I was fortunate to attend a summit in Washington, DC, the Latino Medical Student Association SALUD Summit. This summit was focused on Latino Health Advocacy, and I was able to speak with staffers for Congresswoman Kelly of Illinois and Senator Bennet of Colorado... I'm deeply grateful for my experience at Cristo Rey St. Martin and want to thank the entire community for helping me become who I am today. **CRSM laid the foundation for the values I carry with me, instilling in me a strong sense of purpose, faith, and service principles that continue to guide me as I navigate medical school and advocate for underserved communities.**"*

COMMUNITY PARTNERSHIPS VOLUNTEER ENGAGEMENT

Students Experience Owakonze Canadian Wilderness Camping

Last summer, eight Cristo Rey St. Martin students took part in a transformative weeklong journey with the Center for Conservation Leadership (CCL) at Lake Forest Open Lands, venturing deep

into the Canadian wilderness. At Owakonze—a remote camp on Baril Lake, Ontario, and a site for Urban Wilderness, which also partners with CRSM on an annual boat build—students traded modern comforts for tents, open-fire cooking, and star-filled skies. They learned canoeing, outdoor cooking, and survival skills before paddling to a secluded island, where they camped under a full moon and built lasting connections with nature and each other.

Associate Board Returns

After a five-year hiatus, the **Associate Board is back!** This passionate group of 22 young professionals, including 8 CRSM alumni, will lead service projects, support student growth, and help advance our mission all year long.

Our parking lot was buzzing with impact as **AbbVie and Lake-McHenry Habitat for Humanity** teamed up at CRSM for a powerful day of service and community collaboration!

Lunch & Learn

During our October 15th **Lunch and Learn** session, CRSM alum Bryan Mejia '17, now Lead Community Health Worker at the Lake County Health Department, joined Kimberly Davis of Sun Cloud Health to share insights on careers in social work and mental health. Held monthly, Lunch and Learn sessions are interactive presentations where sophomores, juniors, and seniors enjoy pizza and soda while hearing from alumni, benefactors, and business partners across a variety of fields. Interest has grown significantly over the past year, with 60–80 students attending each month.

Now in its 6th year, our **iBIO STEMGirls Camp** partnership brings 125+ curious 3rd–8th grade girls to CRSM to explore physics, engineering, and all things STEM under this year's theme: *Girls in Gear*.

CRSM Goes Solar

We at CRSM have taken a major step toward sustainability with the launch of our rooftop solar array, now generating clean, renewable energy for the school. Fully activated on September 20, 2024, the system is already making a measurable impact, producing 44,592 kWh in October alone and covering nearly 39% of our energy use that month. While winter months brought lower production due to shorter, cloudier days, the system still delivered strong output, with more than 19,000 kWh generated in both November and January. On an annual basis, the

solar array is projected to meet about 44% of our total electricity needs. This transition to solar power reflects our ongoing commitment to reducing our carbon footprint and embracing more sustainable operations. Electricity from the panels is used directly on-site, lowering our reliance on the traditional energy grid and cutting utility costs. Early performance data has been consistent with expectations, confirming the long-term value of this investment. With brighter, sunnier months ahead, we're excited to see the system reach peak production and further our mission to go green.

CRISTO REY

ST. MARTIN COLLEGE PREP

3106 Belvidere Road
Waukegan, IL 60085

Celebrating 20 Years

Our Mission

Cristo Rey St. Martin, a Catholic learning community, empowers young people of limited economic means to become men and women of faith, purpose and service. Through a rigorous college preparatory curriculum, integrated with relevant work study experience, CRSM students graduate ready to succeed in college and life.
