## GRIT

Steve Jauregi '16

“I continue to use grit in my current career field as well. After working as an engineer for the last 3 years, I was recently promoted to a Regional Continuous Improvement Manager for a Fortune 500 company. I couldn't have done this without the help of CRSM's challenging workload and experience that I learned through the Corporate Work Study program.”

## AGENCY

Samantha Bahena '17

“I'm proud to give back and support the next generation of Cristo Rey students! It's so rewarding to see students gain confidence, skills, and insights to help them succeed.”

## COMMUNITY

Dulce Aguilar '20

The CRSM “community doesn't just prepare you and send you off — it continues walking with you.”

“Because of Cristo Rey, I walk into rooms with confidence even when I feel different. And because of Cristo Rey, I know I carry something bigger than myself into every opportunity.”
